

Digital literacy

For all students, teachers and parents

Complete program "Digital literacy"

3D pens in the classroom?
A conversation about fake news or cyberbullying?
Form an opinion about robots that will take over your work?

Digital literacy and citizenship will be required curriculum from next school year and beyond.

But where do you start?

At Mediawegwijs!

Mediawegwijs offers a complete learning line for all schools!

Our specialized experts and subject teachers can help you with:

- ✓ A learning line: 49 lessons for students age 4 to 12 primary school and a series of lessons for secondary schools
- ✓ Experienced instructors who teach the lessons
- ✓ Professionalization of teachers within the school
- ✓ Parents' evening/morning for parents about media education
- ✓ Portal with lessons

Our goal?

Introduce digital literacy in an appropriate manner in every school.
